

ARIES '70

# CLASS OF 1970

*The Senior Class commences the beginning of a new decade with fresh hopes and ideas to make their final year memorable.*

Hesitantly the Acnes embarked on their sophomore year. They were faced with the traditional initiation into Ramona and the adjustment to a larger campus. Along with this adjustment came many newly formed friendships. These friendships continued to emerge throughout their junior year when they became more assured of themselves and of the surroundings. With the challenge of their final

year, new expectations and enthusiasms were aroused. The friendships they had made were now deeply implanted, and they had begun to seriously consider plans for the future. The year sped by much more quickly than expected, and with mixed feelings of reluctance and happiness they departed from these familiar surroundings.
